Item 4 Advisory Business

- A. Resource Management, LLC., (the “Registrant”) is a limited liability company that originally formed as a Louisiana corporation in 1983, and became a Louisiana limited liability company on November 1, 2012. The Registrant became an SEC-Registered Investment Adviser Firm on September 2, 1998. The Registrant is principally owned by Family Wealth Management, LLC and D. Randolph Waesche.
- B. As discussed below, the Registrant offers to its clients (individuals, high net worth individuals, charitable organizations, pension and profit sharing plans, business entities, etc.) discretionary and/or non-discretionary investment advisory services, financial planning services, retirement plan consulting services, and other consulting services.

INVESTMENT ADVISORY AND FINANCIAL PLANNING SERVICES

The client can engage the Registrant to provide discretionary and/or non-discretionary investment advisory services bundled with financial planning and consulting services on a *fee-only* basis. The Registrant’s annual investment advisory fee shall include investment advisory services and financial planning/consulting services, which is generally a fixed fee based on the amount of time Registrant anticipates it will spend and the complexity of services to be provided for a particular account.

Before engaging the Registrant to provide investment advisory and financial planning/consulting services, clients are required to enter into an *Investment Advisory Agreement* with Registrant setting forth the terms and conditions of the engagement (including termination), describing the scope of the services to be provided, and the fee that is due from the client prior to Registrant commencing services.

The Registrant provides investment advisory services specific to the needs of each client. Before providing investment advisory services, an investment adviser representative will ascertain each client’s investment objective(s) and prepare a financial plan. Thereafter, the Registrant will allocate investment assets consistent with the designated investment objective(s). The Registrant primarily allocates client investment assets among various individual equity (stocks), debt (bonds), mutual funds and/or exchange traded funds (“ETFs”) on a discretionary and/or non-discretionary basis in accordance with the client’s designated investment objective(s). Once allocated, the Registrant provides ongoing monitoring and review of account performance, asset allocation and client investment objectives.

If requested by the client, Registrant may recommend the services of other professionals for implementation purposes. The client is under no obligation to engage the services of any such recommended professional. The client retains absolute discretion over all such implementation decisions and is free to accept or reject any recommendation from the Registrant. **Please Note:** If the client engages any such recommended professional, and a dispute arises thereafter relative to such engagement, the client agrees to seek recourse exclusively from and against the engaged professional. **Please Also Note:** It remains the client’s responsibility to promptly notify the Registrant if there is ever any change in his/her/its financial situation or investment objectives for the purpose of reviewing/evaluating/revising Registrant’s previous recommendations and/or services.

RETIREMENT PLAN CONSULTING

The Registrant also provides non-discretionary retirement plan consulting services, pursuant to which it assists sponsors of self-directed retirement plans with the selection and/or monitoring of investment alternatives from which plan participants shall choose in self-directing the investments for their individual plan retirement accounts. In addition, to the extent requested by the plan sponsor, the Registrant shall also provide participant education designed to assist participants in identifying the appropriate investment strategy for their retirement plan accounts. The terms and conditions of the engagement shall generally be set forth in a *Retirement Plan Consulting Agreement* between the Registrant and the plan sponsor.

TAX PREPARATION SERVICES

To the extent requested by the client, Registrant *may* determine to provide tax preparation services on a stand-alone separate fee basis.

MISCELLANEOUS

Limitations of Financial Planning and Non-Investment Consulting/Implementation Services. To the extent requested by a client, Registrant may provide financial planning and related consulting services regarding non-investment related matters, such as estate planning, tax planning, insurance, etc. The Registrant does not serve as a law firm, accounting firm, or insurance agency, and no portion of Registrant's services should be construed as legal, accounting, or insurance implementation services. Accordingly, Registrant does not prepare estate planning documents or sell insurance products. To the extent requested by a client, Registrant may recommend the services of other professionals for certain non-investment implementation purposes (i.e. attorneys, accountants, insurance agents, etc.). Clients are reminded that they are under no obligation to engage the services of any such recommended professional. The client retains absolute discretion over all such implementation decisions and is free to accept or reject any recommendation made by Registrant or its representatives. **Please Note:** If the client engages any unaffiliated recommended professional, and a dispute arises thereafter relative to such engagement, the client agrees to seek recourse exclusively from and against the engaged professional.

Client Obligations. In performing its services, Registrant shall not be required to verify any information received from the client or from the client's other designated professionals, and is expressly authorized to rely thereon. Moreover, each client is advised that it remains their responsibility to promptly notify Registrant if there is ever any change in their financial situation or investment objectives for the purpose of reviewing/evaluating/revising Registrant's previous recommendations and/or services.

Retirement Rollovers-Potential for Conflict of Interest: A client or prospective client leaving an employer typically has four options regarding an existing retirement plan (and may engage in a combination of these options): (i) leave the money in the former employer's plan, if permitted, (ii) roll over the assets to the new employer's plan, if one is available and rollovers are permitted, (iii) roll over to an Individual Retirement Account ("IRA"), or (iv) cash out the account value (which could, depending upon the client's age, result in adverse tax consequences). If the Registrant recommends that a client roll over their retirement plan assets into an account to be managed by the Registrant, such a recommendation creates a conflict of interest where the Registrant will earn new (or increase its current) compensation as a result of the rollover. No client is under any obligation to roll over retirement plan assets to an account managed by Registrant. **The Registrant's Chief Compliance Officer, D. Randolph Waesche, remains available to**

address any questions that a client or prospective client may have regarding the potential for conflict of interest presented by such rollover recommendation.

ERISA / IRC Fiduciary Acknowledgment. If the client is: (i) a retirement plan (“Plan”) organized under ERISA; (ii) a participant or beneficiary of a Plan subject to Title I of ERISA or described in section 4975(e)(1)(A) of the Internal Revenue Code, with authority to direct the investment of assets in his or her Plan account or to take a distribution; (iii) the beneficial owner of an IRA acting on behalf of the IRA; or (iv) a Retail Fiduciary with respect to a plan subject to Title I of ERISA or described in section 4975(e)(1)(A) of the Internal Revenue Code, then the Registrant represents that it and its representatives are fiduciaries under ERISA or the Internal Revenue Code, or both, with respect to any investment advice provided by the Registrant or its representatives or with respect to any investment recommendations regarding an ERISA Plan or participant or beneficiary account.

Please Note: Fee Differentials. As indicated in Item 5 below, the Registrant shall price its advisory services based upon various objective and subjective factors. As a result, Registrant’s clients could pay diverse fees based upon the market value of their assets, the complexity of the engagement, and the level and scope of the overall investment advisory and/or consulting services to be rendered and client negotiations. As a result of these factors, similarly situated clients could pay diverse fees, and the services to be provided by the Registrant to any particular client could be available from other advisers at lower fees. All clients and prospective clients should be guided accordingly. **Before engaging Registrant to provide investment advisory services, clients are required to enter into a discretionary or non-discretionary Investment Advisory Agreement, setting forth the terms and conditions of the engagement (including termination), which describes the fees and services to be provided. ANY QUESTIONS: Registrant’s Chief Compliance Officer, D. Randolph Waesche, remains available to address any questions regarding Fee Differentials**

Portfolio Activity. Registrant has a fiduciary duty to provide services consistent with the client’s best interest. As part of its investment advisory services, Registrant will review client portfolios on an ongoing basis to determine if any changes are necessary based upon various factors, including, but not limited to, investment performance, fund manager tenure, style drift, account additions/withdrawals, and/or a change in the client’s investment objective. Based upon these factors, there may be extended periods of time when Registrant determines that changes to a client’s portfolio are neither necessary nor prudent. Of course, as indicated below, there can be no assurance that investment decisions made by Registrant will be profitable or equal any specific performance level(s).

Please Note: Cash Positions. At any specific point in time, depending upon perceived or anticipated market conditions/events (there being no guarantee that such anticipated market conditions/events will occur), the Registrant may maintain cash positions for defensive purposes. All cash positions (money markets, etc.) shall be included as part of assets under management for purposes of calculating the Registrant’s advisory fee. ANY QUESTIONS: The Registrant’s Chief Compliance Officer, D. Randolph Waesche, remains available to address any questions that a client or prospective may have regarding the above fee billing practice

Disclosure Statement. A copy of the Registrant's written Brochure as set forth on Part 2A of Form ADV shall be provided to each client prior to, or contemporaneously with, the execution of the *Investment Advisory Agreement*.

- C. The Registrant shall provide investment advisory services specific to the needs of each client. Prior to providing investment advisory services, an investment adviser representative will ascertain each client's investment objective(s). Thereafter, the Registrant shall allocate and/or recommend that the client allocate investment assets consistent with the designated investment objective(s). The client may, at anytime, impose reasonable restrictions, in writing, on the Registrant's services.
- D. The Registrant does not participate in a wrap fee program.
- E. As of December 31, 2017, the Registrant had \$1,207,144,056 in assets under management on a discretionary basis and \$25,000,000 in assets under management on a non-discretionary basis.

Item 5 Fees and Compensation

A. INVESTMENT ADVISORY AND FINANCIAL PLANNING SERVICES

The client can engage the Registrant on a negotiable, *fee-only* basis to provide discretionary and/or non-discretionary investment advisory services bundled with financial planning and consulting services. Registrant's annual investment advisory fee typically ranges between negotiable and \$50,000 dollars, but may be reduced at the sole discretion of the Registrant depending upon the level and scope of service(s) required and the professional rendering the service(s).

Registrant's annual investment advisory fee shall be based upon various objective and subjective factors, including but not limited to: the amount of the assets placed under Registrant's direct management, the complexity of the engagement, and the level and scope of the overall investment advisory services to be rendered and negotiations. Thus, similarly situated clients could pay diverse fees, and the services to be provided by Registrant to any particular client could be available from other advisers at lower fees. A very limited minority of Registrant's clients pay an annual fee based strictly upon the amount of assets under management. For these clients, the annual investment advisory fee is generally one half of one percent (0.50%). Before engaging Registrant to provide investment advisory services, clients are required to enter into a discretionary or non-discretionary *Investment Advisory Agreement*, setting forth the terms and conditions of the engagement (including termination), which describes the fees and services to be provided, , and the fee that is due from the client prior to Registrant commencing services. (*Also See* Item 7 below) All clients and prospective clients should be guided accordingly. **ANY QUESTIONS:** Registrant's Chief Compliance Officer, D. Randolph Waesche, remains available to address any questions regarding Fee Differentials.

RETIREMENT CONSULTING

The Registrant charges a negotiable annual fee for Retirement Plan Consulting Services which generally ranges between negotiable and \$20,000 depending on the scope and complexity of the services requested and the size of the plan. The terms and conditions of

the engagement shall generally be set forth in a *Retirement Plan Consulting Agreement* between the Registrant and the plan sponsor.

TAX PREPARATION SERVICES

To the extent requested by the client, Registrant *may* determine to provide tax preparation services on a stand-alone separate flat-fee basis ranging between \$1,500 and \$5,000 depending upon the complexity of the engagement. Registrant and the client will agree upon the specific fee before Registrant commences tax preparation services.

- B. As a general practice, the Registrant bills clients for its services. When the Registrant bills the client directly, payment is due upon receipt of the Registrant's invoice. However, clients may elect to have the Registrant's advisory fees deducted from their custodial account. Both Registrant's *Investment Advisory Agreement* and the custodial/clearing agreement may authorize the custodian to debit the account for the amount of the Registrant's investment advisory fee and to directly remit that management fee to the Registrant in compliance with regulatory procedures. When the Registrant's fees are deducted directly from the Client's account, the Registrant shall deduct fees and/or bill clients annually in advance.
- C. As discussed below, unless the client directs otherwise or an individual client's circumstances require, the Registrant shall generally recommend that Charles Schwab and Co., Inc. ("*Schwab*") serve as the broker-dealer/custodian for client investment advisory assets. Broker-dealers such as *Schwab* charge brokerage commissions and/or transaction fees for effecting certain securities transactions (i.e. transaction fees are charged for certain no-load mutual funds, commissions are charged for individual equity and fixed income securities transactions). In addition to Registrant's investment advisory fee, brokerage commissions and/or transaction fees, clients will also incur, relative to all mutual fund and exchange traded fund purchases, charges imposed at the fund level (e.g. management fees and other fund expenses). When beneficial to the client, individual fixed-income and/or equity transactions may be effected through broker-dealers with whom Registrant and/or the client have entered into arrangements for prime brokerage clearing services, including effecting certain client transactions through other SEC registered and FINRA member broker-dealers (in which event, the client generally will incur both the transaction fee charged by the executing broker-dealer and a "tradeaway" fee charged by the withdrawing broker-dealer).
- D. Registrant's annual investment advisory fee shall be prorated and paid annually, in advance. The Registrant generally requires a minimum annual investment advisory fee of \$5,000. The Registrant, in its sole discretion, may charge a lesser investment advisory fee based upon certain criteria (i.e. anticipated future earning capacity, anticipated future additional assets, dollar amount of assets to be managed, related accounts, account composition, negotiations with client, etc.). The *Investment Advisory Agreement* between the Registrant and the client will continue in effect until terminated by either party by written notice in accordance with the terms of the *Investment Advisory Agreement*. Upon termination, the Registrant shall refund the pro-rated portion of the advanced advisory fee paid based upon the number of days remaining in the billing quarter and/or the number of days provided in the *Investment Advisory Agreement*.
- E. Neither the Registrant, nor its representatives accept compensation from the sale of securities or other investment products.

Item 6 Performance-Based Fees and Side-by-Side Management

Neither the Registrant nor any supervised person of the Registrant accepts performance-based fees.

Item 7 Types of Clients

The Registrant's clients generally include individuals, high net worth individuals, and charitable organizations. The Registrant generally requires a minimum annual investment advisory fee of \$5,000. The Registrant, in its sole discretion, may charge a lesser investment advisory fee based upon certain criteria (i.e. anticipated future earning capacity, anticipated future additional assets, dollar amount of assets to be managed, related accounts, account composition, negotiations with client, etc.).

Please Note: As result of the above, similarly situated clients could pay different fees. In addition, similar advisory services may be available from other investment advisers for similar or lower fees. **Please Also Note: ANY QUESTIONS:** Registrant's Chief Compliance Officer, D. Randolph Waesche, remains available to address any questions that a client or prospective client may have regarding advisory fees.

Item 8 Methods of Analysis, Investment Strategies and Risk of Loss

A. Registrant may utilize the following methods of security analysis:

- Charting - (analysis performed using patterns to identify current trends and trend reversals to forecast the direction of prices);
- Fundamental - (analysis performed on historical and present data, with the goal of making financial forecasts);
- Technical – (analysis performed on historical and present data, focusing on price and trade volume, to forecast the direction of prices); and
- Cyclical – (analysis performed on historical relationships between price and market trends, to forecast the direction of prices).

The Registrant may utilize the following investment strategies when implementing investment advice given to clients:

- Long Term Purchases (securities held at least a year)
- Short Term Purchases (securities sold within a year)

Please Note: Investment Risk. Investing in securities involves risk of loss that clients should be prepared to bear. Different types of investments involve varying degrees of risk, and it should not be assumed that future performance of any specific investment or investment strategy (including the investments and/or investment strategies recommended or undertaken by the Registrant) will be profitable or equal any specific performance level(s).

B. The Registrant's method of analysis and investment strategy does not present any significant or unusual risks. However, every method of analysis has its own inherent risks. To perform an accurate market analysis the Registrant must have access to current/new market information. The Registrant has no control over the dissemination rate of market

information; therefore, unbeknownst to the Registrant, certain analyses may be compiled with outdated market information, severely limiting the value of the Registrant's analysis. Furthermore, an accurate market analysis can only produce a forecast of the direction of market values. There can be no assurances that a forecasted change in market value will materialize into actionable and/or profitable investment opportunities.

The Registrant's primary investment strategies - Long Term Purchases and Short Term Purchases are fundamental investment strategies. However, every investment strategy has its own inherent risks and limitations. For example, longer term investment strategies require a longer investment time period to allow for the strategy to potentially develop. Shorter term investment strategies require a shorter investment time period to potentially develop but, as a result of more frequent trading, may incur higher transactional costs when compared to a longer term investment strategy.

- C. Currently, the Registrant primarily allocates client investment assets among various individual equity (stocks), debt (bonds), mutual funds and/or ETFs on a discretionary and/or non-discretionary basis in accordance with the client's designated investment objective(s).

Item 9 Disciplinary Information

The Registrant has not been the subject of disciplinary action that is reportable in this item.

Item 10 Other Financial Industry Activities and Affiliations

- A. Neither the Registrant, nor its representatives are registered or have an application pending to register as a broker-dealer or registered representative of a broker-dealer.
- B. Neither the Registrant, nor its representatives, are registered or have an application pending to register, as a futures commission merchant, commodity pool operator, a commodity trading advisor, or a representative of the foregoing.
- C. The Registrant has no other relationship or arrangement with a related person that is material to its advisory business.
- D. The Registrant does not recommend or select other investment advisors for its clients for which it receives compensation.

Item 11 Code of Ethics, Participation or Interest in Client Transactions and Personal Trading

- A. The Registrant maintains an investment policy relative to personal securities transactions. This investment policy is part of Registrant's overall Code of Ethics, which serves to establish a standard of business conduct for all of Registrant's Representatives that is based upon fundamental principles of openness, integrity, honesty and trust, a copy of which is available upon request.

In accordance with Section 204A of the Investment Advisers Act of 1940, the Registrant

also maintains and enforces written policies reasonably designed to prevent the misuse of material non-public information by the Registrant or any person associated with the Registrant.

- B. Neither the Registrant nor any related person of Registrant recommends, buys, or sells for client accounts, securities in which the Registrant or any related person of Registrant has a material financial interest.
- C. The Registrant and/or representatives of the Registrant *may* buy or sell securities that are also recommended to clients. This practice may create a situation where the Registrant and/or representatives of the Registrant are in a position to materially benefit from the sale or purchase of those securities. Therefore, this situation creates a conflict of interest. Practices such as “scalping” (i.e., a practice whereby the owner of shares of a security recommends that security for investment and then immediately sells it at a profit upon the rise in the market price which follows the recommendation) could take place if the Registrant did not have adequate policies in place to detect such activities. In addition, this requirement can help detect insider trading, “front-running” (i.e., personal trades executed prior to those of the Registrant’s clients) and other potentially abusive practices.

The Registrant has a personal securities transaction policy in place to monitor the personal securities transactions and securities holdings of each of the Registrant’s “Access Persons.” The Registrant’s securities transaction policy requires that Access Person of the Registrant must provide the Chief Compliance Officer or his/her designee with a written report of the their current securities holdings within ten (10) days after becoming an Access Person. Furthermore, Access Persons must provide the Chief Compliance Officer with a quarterly transaction report, detail all trades in the Access Person’s account during the previous quarter; and on an annual basis, each Access Persons must provide the Chief Compliance Officer with a written report of the Access Person’s current securities holdings. However, at any time that the Registrant has only one Access Person, he or she shall not be required to submit any securities report described above.

- D. The Registrant and/or representatives of the Registrant *may* buy or sell securities, at or around the same time as those securities are recommended to clients. This practice creates a situation where the Registrant and/or representatives of the Registrant are in a position to materially benefit from the sale or purchase of those securities. Therefore, this situation creates a conflict of interest. As indicated above in Item 11C, the Registrant has a personal securities transaction policy in place to monitor the personal securities transaction and securities holdings of each of Registrant’s Access Persons.

Item 12 Brokerage Practices

- A. In the event that the client requests that the Registrant recommend a broker-dealer/custodian for execution and/or custodial services (exclusive of those clients that may direct the Registrant to use a specific broker-dealer/custodian), Registrant generally recommends that investment advisory accounts be maintained at *Schwab*. Prior to engaging Registrant to provide investment advisory services, the client will be required to enter into a formal *Investment Advisory Agreement* with Registrant setting forth the terms and conditions under which Registrant shall manage the client’s assets, and a separate custodial/clearing agreement with each designated broker-dealer/ custodian.

Factors that the Registrant considers in recommending *Schwab* (or any other broker-dealer/custodian to clients) include historical relationship with the Registrant, financial strength, reputation, execution capabilities, pricing, research, and service. Although the

commissions and/or transaction fees paid by Registrant's clients shall comply with the Registrant's duty to obtain best execution, a client may pay a commission that is higher than another qualified broker-dealer might charge to effect the same transaction where the Registrant determines, in good faith, that the commission/transaction fee is reasonable. In seeking best execution, the determinative factor is not the lowest possible cost, but whether the transaction represents the best qualitative execution, taking into consideration the full range of broker-dealer services, including the value of research provided, execution capability, commission rates, and responsiveness. Accordingly, although Registrant will seek competitive rates, it may not necessarily obtain the lowest possible commission rates for client account transactions. The brokerage commissions or transaction fees charged by the designated broker-dealer/custodian are exclusive of, and in addition to, Registrant's investment advisory fee. The Registrant's best execution responsibility is qualified if securities that it purchases for client accounts are mutual funds that trade at net asset value as determined at the daily market close.

1. Research and Additional Benefits

Although not a material consideration when determining whether to recommend that a client utilize the services of a particular broker-dealer/custodian, Registrant receives from *Schwab* (or another broker-dealer/custodian, investment platform, unaffiliated investment manager, mutual fund sponsor, or vendor) without cost (and/or at a discount) support services and/or products, certain of which assist the Registrant to better monitor and service client accounts maintained at such institutions. Included within the support services that may be obtained by the Registrant may be investment-related research, pricing information and market data, software and other technology that provide access to client account data, compliance and/or practice management-related publications, discounted or gratis consulting services, discounted and/or gratis attendance at conferences, meetings, and other educational and/or social events, marketing support, computer hardware and/or software and/or other products used by Registrant in furtherance of its investment advisory business operations.

As indicated above, certain of the support services and/or products that *may* be received may assist the Registrant in managing and administering client accounts. Others do not directly provide such assistance, but rather assist the Registrant to manage and further develop its business enterprise.

Registrant's clients do not pay more for investment transactions effected and/or assets maintained at *Schwab* as a result of this arrangement. There is no corresponding commitment made by the Registrant to *Schwab* or any other entity to invest any specific amount or percentage of client assets in any specific mutual funds, securities or other investment products as a result of the above arrangement.

The Registrant's Chief Compliance Officer, D. Randolph Waesche, remains available to address any questions that a client or prospective client may have regarding the above arrangement and any corresponding conflict of interest created by such arrangement.

The Registrant does not receive referrals from broker-dealers.

2. The Registrant does not generally accept directed brokerage arrangements (when a client requires that account transactions be effected through a specific broker-dealer). In such client directed arrangements, the client will negotiate terms and arrangements for their account with that broker-dealer, and Registrant will not seek better execution

services or prices from other broker-dealers or be able to “batch” the client’s transactions for execution through other broker-dealers with orders for other accounts managed by Registrant. As a result, client may pay higher commissions or other transaction costs or greater spreads, or receive less favorable net prices, on transactions for the account than would otherwise be the case.

Please Note: In the event that the client directs Registrant to effect securities transactions for the client’s accounts through a specific broker-dealer, the client correspondingly acknowledges that such direction may cause the accounts to incur higher commissions or transaction costs than the accounts would otherwise incur had the client determined to effect account transactions through alternative clearing arrangements that may be available through Registrant. Higher transaction costs adversely impact account performance. **Please Also Note:** Transactions for directed accounts will generally be executed following the execution of portfolio transactions for non-directed accounts.

The Registrant’s Chief Compliance Officer, D. Randolph Waesche, remains available to address any questions that a client or prospective client may have regarding the above arrangement.

- B. To the extent that the Registrant provides investment advisory services to its clients, the transactions for each client account generally will be effected independently, unless the Registrant decides to purchase or sell the same securities for several clients at approximately the same time. The Registrant may (but is not obligated to) combine or “bunch” such orders to obtain best execution, to negotiate more favorable commission rates or to allocate equitably among the Registrant’s clients differences in prices and commissions or other transaction costs that might have been obtained had such orders been placed independently. Under this procedure, transactions will be averaged as to price and will be allocated among clients in proportion to the purchase and sale orders placed for each client account on any given day. The Registrant shall not receive any additional compensation or remuneration as a result of such aggregation.

Item 13 Review of Accounts

- A. For those clients to whom Registrant provides investment supervisory services, account reviews are conducted on an ongoing basis by the Registrant’s Principal. All investment supervisory clients are advised that it remains their responsibility to advise the Registrant of any changes in their investment objectives and/or financial situation. All clients (in person or via telephone) are encouraged to review financial planning issues (to the extent applicable), investment objectives and account performance with the Registrant on an annual basis.
- B. The Registrant *may* conduct account reviews on an other than periodic basis upon the occurrence of a triggering event, such as a change in client investment objectives and/or financial situation, market corrections and client request.
- C. Clients are provided with monthly written transaction confirmation notices and regular written summary account statements directly from the broker-dealer/custodian and/or program sponsor for the client accounts.

Item 14 Client Referrals and Other Compensation

- A. As referenced in Item 12.A.1 above, the Registrant receive an indirect economic benefit from *Schwab*. The Registrant, without cost (and/or at a discount), may receive support services and/or products from *Schwab*.

Registrant's clients do not pay more for investment transactions effected and/or assets maintained at *Schwab* as a result of this arrangement. There is no corresponding commitment made by the Registrant to *Schwab* or any other entity to invest any specific amount or percentage of client assets in any specific mutual funds, securities or other investment products as a result of the above arrangement.

The Registrant's Chief Compliance Officer, D. Randolph Waesche, remains available to address any questions that a client or prospective client may have regarding the above arrangement and any corresponding conflict of interest created by any such arrangement.

- B. The Registrant does not compensate, directly or indirectly, any person for client referrals.

Item 15 Custody

The Registrant shall have the ability to have its advisory fee for each client debited by the custodian on a quarterly basis. Clients are provided monthly with written transaction confirmation notices and regular written summary account statements directly from the broker-dealer/custodian and/or program sponsor for the client accounts. The Registrant may also provide a written periodic report summarizing account activity and performance.

Please Note: Custody Situations: The Registrant engages in other practices and/or services on behalf of its clients that require disclosure at the Custody section of Part 1 of Form ADV, which practices and/or services are subject to an annual surprise examination by an independent CPA in full compliance with the requirements of Rule 206(4)-2 under the Investment Advisers Act of 1940. **The Registrant's Chief Compliance Officer, D. Randolph Waesche, remains available to address any questions that a client or prospective client may have regarding custody-related issues.**

Please Note: To the extent that the Registrant provides clients with periodic account statements or reports, the client is urged to compare any statement or report provided by the Registrant with the account statements received from the account custodian. **Please Also Note:** The account custodian does not verify the accuracy of the Registrant's advisory fee calculation.

Item 16 Investment Discretion

The client can determine to engage the Registrant to provide investment advisory services on a discretionary or non-discretionary basis. Prior to the Registrant assuming discretionary authority over a client's account, client shall be required to execute an *Investment Advisory*

Agreement, naming the Registrant as client's attorney and agent in fact, granting the Registrant full authority to buy, sell, or otherwise effect investment transactions involving the assets in the client's name found in the discretionary account.

Clients who engage the Registrant on a discretionary basis may, at anytime, impose restrictions, **in writing**, on the Registrant's discretionary authority (i.e. limit the types/amounts of particular securities purchased for their account, exclude the ability to purchase securities with an inverse relationship to the market, limit or proscribe the Registrant's use of margin, etc.).

Item 17 Voting Client Securities

- A. The Registrant does not vote client proxies. Clients maintain exclusive responsibility for: (1) directing the manner in which proxies solicited by issuers of securities owned by the client shall be voted, and (2) making all elections relative to any mergers, acquisitions, tender offers, bankruptcy proceedings or other type events pertaining to the client's investment assets.
- B. Clients will receive their proxies or other solicitations directly from their custodian. Clients may contact the Registrant to discuss any questions they may have with a particular solicitation.

Item 18 Financial Information

- A. The Registrant has submitted a balance sheet for its most recent fiscal year as part of this filing.
- B. The Registrant is unaware of any financial condition that is reasonably likely to impair its ability to meet its contractual commitments relating to its discretionary authority over certain client accounts.
- C. The Registrant has not been the subject of a bankruptcy petition.

ANY QUESTIONS: The Registrant's Chief Compliance Officer, D. Randolph Waesche, remains available to address any questions that a client or prospective client may have regarding the above disclosures and arrangements.
